

Updates

Retrofit Grills containing GU24 self ballasted CFLs are available for select fan models that previously contained ballasts.

The current ballast for select fan light models can now be replaced by the grill units shown below.

Grill includes (2) 13 Watt self-ballasted GU24 base CFLs and retrofit harness

Based on fan model number the grill should be ordered as a direct replacement for ballast

part numbers FFV3460002S, FFV3470003S or FFV3410037S.

To ensure compatibility each warranty claim must now include the **fan model** and **serial number**
